Dear Customers, Suppliers and Friends:

On April 11, 1988, we purchased the assets of Kaiser Chemicals brine business at Wendover, Utah.

Reilly Tar & Chemical Corporation, an Indianapolis based company with a more than 90 year history, has been family owned and is an international manufacturer of chemicals and coal tar products. Our chemical plants are situated in Indianapolis and in Belgium and our coal tar refinery plants are located in Cleveland, Ohio; Granite City, Illinois; Lone Star, Texas and Provo, Utah.

Employing the personnel associated with the business in Utah and operating it as "Reilly Wendover", a separate division of our corporation, we will continue producing and servicing quality products from the Bonneville brine.

With Mr. John Fendt, relocating to Salt Lake City, as the General Manager of this operation, Mr. Glenn Wadsworth, as the Plant Manager, and Mr. Dennis Hullinger, as the Sales Manager, we look forward to a continuing relationship to your and our mutual benefit.

Very truly yours,

REILLY TAR & CHEMICAL CORPORATION

Carl F. Leshner
Executive Vice President
